**Coordinator's Report:** Chairman Silverstein reviewed the report. There were 17 programs in September of which 16 were meetings and one was a special event (the Country Fair). There were 106 Live Hits on TelVue CloudCast, 91 hits on TelVue VOD (Video on Demand) and 549 YouTube Live + VOD Hits.

During the month Assistant Coordinator Kelly set up an online business account with Apple and purchased several items that were out of stock at our primary vendor, B&H. These included a display monitor with AppleCare+ Extended Warranty as well as an AppleCare+ Extended Warranty for a Mac Computer purchased previously at B&H. These items were purchased using Cable Advisory Council grant funds.

The OGAT Studio has been functioning properly and there were no issues to report at this time.

***Bicentennial Activities:*** Assistant Coordinator Kelly completed editing the bicentennial interviews and creating a flash drive for each of the interviewees. All flash drives have been distributed to the interviewees. The interviews were shown on a monitor in the exhibit hall at the Country Fair. Assistant Kelly met with Selectwoman Judy Williams to review a list of subjects to focus on in a consolidated video to be created from the individual interviews.

***Action Item List:*** The Action Item List was tabled.

***Cable Advisory Council (CAC) Grant:*** Chairman Silverstein reviewed the equipment purchased with grant funds and those items still on back order. Assistant Coordinator Kelly reviewed his wish list for equipment he would like to purchase with the additional grant funds given to OGAT by the CAC. CAC had extra funds since the grant requests received did not consume all funds available for the CAC grant year ending September 30, 2022.
